Metalico Plus

Program Metalico Plus predstavlja novi korak u dizajniranju funkcionalnih i estetski kvalitetnih rješenja za vaš ured. Radne ploče u modernim svijetlim bojama, nježnom javoru i toplom bijeljenom hrastu, ili pak elegantnoj zlatnoj trešnji, omogućit će i najprobirljivijem kupcu da pronađe svoj izbor. Dinamičnost programu daje kontrast koji nastaje između radnih ploča u drvenim dekorima i metalne potkonstrukcije u boji aluminija. Dinamične forme radnih ploča i dekorativni elementi koji ih nadopunjuju čine modularni sistem programa Metalico Plus koji daje životnost konceptu timskog rada. Istovremeno, pregrade u toplim živim bojama kao što su crvena i žuta omogućavaju individualnost u radu i vizualnu odvojenost. Radni prostor opremljen programom Metalico Plus, te pratećim programom ormara Novus Plus, osim svoje funkcionalnosti, pružit će dojam transparentnosti, lakoće, modernog dizajna... operativnog prostora po mjeri čovjeka. Modularno rješenje "repcije" iz programa Metalico Plus pružit će istovremeno operativnu racionalnost za zaposlenike i estetsku udobnost dobrodošlice za posjetitelje.

Metalico Plus programme represents a new step in the design of the functional and esthetic quality solutions for your office.

Working surfaces are executed in modern light colours, of the gentle maple, whitened oak or the elegant golden cherry that will enable even the most choosy customer to find his own choice.

The dynamic programme contrasts the working surface in wooden decorations and metal aluminium coloured construction.

The working surface dynamic forms and the decorative elements represent the modular programme system Metalico Plus giving life to the team concept of work.

The partiitions in warm lively cloours such as red and yellow enable, at the same time, individuality at work and a visual separation.

The working space equipped with the Metalico Plus programme as well as the wardrobe from the Novus Plus programme following it give, next to the functionality, an impression of transparency in a light modern design – working space designed for people.
