Program Metalico predstavlja moderno oblikovanje radnih ploha. Proizveden od iverala u bojama drveta, te neutralnoj svijetlo sivoj boji, otvara mogućnosti kombiniranja u svakom prostoru. Zahvaljujući fleksibilnosti, program Metalico je pravi izbor u opremanju pojedinačnih, ali i skupnih radnih površina. Funkcionalna i kvalitetna rješenja za provođenje instalacija čine program Metalico idealnim i za prostore s obimnijom informatičkom opremom. Metalne maske od perforiranog metala, moderno dizajnirane, upotpunjuju program, osiguravajući ujedno intimnost radnog prostora. Program Metalico podrazumijeva i elemente za proširenje radne plohe, odnosno povezivanje stolova u funkcionalne i estetski kvalitetne kombinacije, kakve zahtjeva uređenje modernog ureda. Program Metalico nadopunjuje se kompatilnim programom ormara Novus.

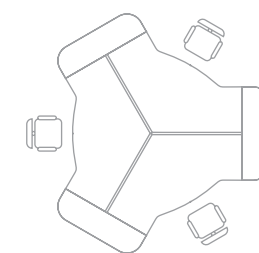

*The Metalico programme represents modernly shaped working space produced in iveral, in the colours of wood and in a neutral grey colour, opening thus the possibiilty to combine any types of spaces. Owing to the programme flexibility, the Metalico programme is the right choice in equipping single but also collective working surfaces. Functional and quality solutions for laying installation makes the Metalico programme ideal for spaces with infor-matic equipment. The metal masks of modern design complete the programme providng also for the intimacy of the working space. The Metalico programme contains also the elements for the work-ing surface extension, that is, connecting the desks into functional. esthetic and quality combinations as required when arranging a modern office. The Metalico programme is supplemented with the compatible Novus wardrobe programme.*

# Metalico

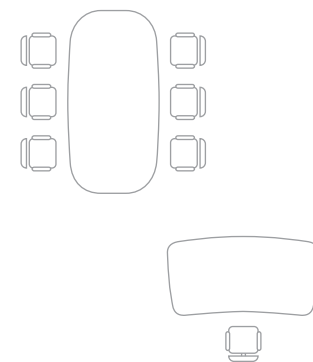

Kućište računala moguće je smjestiti na metalni nosač s vanjske strane noge stola.

*The computer casing may be positioned on the metal carrier on the external foot of the desk.*

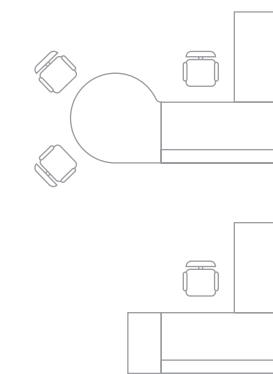

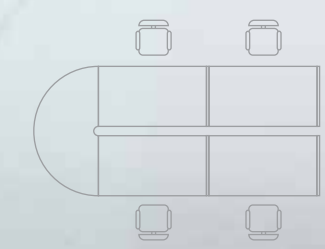

Metalna konstrukcija stolova Metalico predviđa provođenje instalacija kroz metalnu ukrutu i nogu stola.  
*Metal desk construction Metalico foresees the installations coming through the metal stiffening and the desk foot.*

Dinamičnosti radnog prostora  
pridonose obline linije radnih  
ploha.

*The working surfaces lines  
contribute to the dynamics of  
the working space.*
